

*At last the treasure awaits, and the key is the card.*

*You'll look near a place much beloved by the bard.*

*Surrounded by trees the chest lies in the shade,*

*Just out of sight when performances are made.*

*A road oft traversed on the way to the dam*

*Is visible from where the treasure is jammed.*

*You're close to the end, and now always remember,*

*The loot is for you and for every crew member*

*Who helped you achieve this puzzling prize.*

*Now back to the hill, and open your eyes!*
